FULL STACK DEVELOPMENT
From
14th to 19th August 2023

Organized by

**Department of Computer Science
& Engineering**
JSS POLYTECHNIC , MYSURU-06

About the JSS

JSS Polytechnic, Mysuru was set up in 1986 to provide technical education and expertise for those who want to set up their own business. The Polytechnic offers Diploma courses in Computer Science & Engineering, Electronics & Communication Engineering, Mechanical Engineering, Information Science & Engineering, Mechatronics Engineering and Electrical & Electronics Engineering with intake of 320 students. The Karnataka Government and the AICTE, New Delhi, have approved these courses.

The campus is situated at an extensively elevated stretch of over 6 Hectares in the JSS Technical Institutions' Campus to the west of the University of Mysuru, Manasa Gangothri

and is well-equipped with modern workshops and best-in-class facilities. It is located at about 6 kms from the city central bus stand and railway station. Adjacent to the college campus is an exclusive shopping centre, where essential students' requirements and public utility services are made available

OUR RECRUITERS

About Department of Computer Science & Engineering

Established in 1986, the Department of Computer Science and Engineering (CSE) has grown significantly over the years. Affiliated with AICTE, New Delhi, and recognized by DTE, Bengaluru, the department maintains a commitment to excellence.

With a current intake of 60 students, the department boasts a well-equipped computer facility aligned with the curriculum. Graduates have found success in renowned companies like TCS, Infosys, Wipro, and more. Many continue their education in esteemed institutions such as RVCE, SJCE, and NIE.

Beyond academics, students benefit from interactions with faculty, while free internet access at the e-Library encourages continuous learning.

Objectives of FDP :

- Providing a strong foundation on FSD.
- Enhancing skills in front end and backend design.
- Providing theoretical and hands on training on FSD based on C-20 curriculum.
- Improving effective teaching skills on FSD.

Course Contents :

- Business process, Digital transformation
- HTML, CSS, JavaScript
- Spring, Spring boot, API
- NoSql, MongoDB
- Docker, Kubernetes

Who can attend?
